OVERCOME BY THE ASCENT.

Son of "Billy" Sunday III Climbing Mt. Tacoma and Companion Faints at Crater.

TACOMA (Wash.) July 18.—J. Jensen of Cedar Falls, Iowa, and George Sunday of Ft. Wayne, son of Evangelist "Billy" Sunday, had an eventful experience while climbing Mt. Tacoma yesterday. Sunday became very ill before reaching the top, which is 14,500 feet above sea level, but was revived and enabled to complete the climb. Jensen, who had seemed to endure the hardships well, fell unconscious on the rim of the volcano's crater and did not regain his senses for several minutes.

E. A. Fredericks, W. N. Herbert and C. A. Glidden returned to Tacoma today after several desperate adventures in climbing Mt. Tacoma from the north side, a difficult and little-known route. The men at one time found themselves at the bottom of a 1600-foot canyon, in climbing out of which it required twenty-four hours to reach the first 100 feet. They found the canyon filled with mosquitoes as thick as vapor and were not in fear of their lives because of the assault of the insects. The last two days of the journey the men were without food.

TRAVEL BY BOAT IS INCREASING.

COASTWISE PASSENGER TRAFFIC IN FLOURISHING STATE.

Heavy Business Reported Between Los Angeles and Portland—Boats Have All They Can Comfortably Accommodate—Large Movement of Oregon Wheat Predicted.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND (Or.) July 18.—[Exclusive Dispatch.] Summer passenger traffic between Portland and San Francisco is predicted to be a decided increase over the corresponding period of last year, according to G. L. Blair, general freight agent of the San Francisco and Portland Steamship Company, who arrived here from San Francisco this morning on a business trip. He expects to remain in Portland about two weeks, conferring with shippers and inquiring into the probable freight movement coastwise during the next few months.

Mr. Blair declares that the "big three," the Beaver, Bear and Rose City, are having all the passenger business they can take at the moment. It is about evenly divided between the northward and southward, he says, and the coastwise trade is being handled by the steamers.

As yet the company has taken no steps to add another steamer to the line, but is planning to move the surplus wheat crop to San Francisco and Los Angeles. Because of the much greater yield this season than last year, the company is planning to export the surplus wheat to the coast, and to go off to California than ever before. In that case the coasters now in service will not be able to handle the traffic. To meet this contingency one of the objects of Mr. Blair's present trip.

MORE PETITIONS FILED.

CANDIDATES IN A HURRY.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SACRAMENTO, July 18.—Candidates seeking nomination in the September primary are losing no time in filing their nomination petitions in the office of the Secretary of State. Following are the latest petitions: Julian K. Kane, Republican, for Congress from the Fourth District, San Francisco; William W. McGee, Republican, for the Assembly, from the Fourth District, Oakland; L. D. Bohrer, Republican, for the Assembly, from the Fifth District, Tehama county; Walter McDonald, Republican, for the Assembly, from the Twenty-third District, San Francisco; D. H. Hayes, Republican, for the Assembly, from the Twenty-third District, San Francisco; Frank M. Rutherford, Republican, for Congress, from the Second District, Sierra and Calaveras counties; Alex. Muller, Republican, for Congress from the Tenth District, Edwin M. Butler, Republican, for the Senate from the Thirty-first District; H. W. Simkins, Republican, for the Assembly, from the Forty-fifth District; W. Ready, Socialist, for the Assembly from the Sixty-first District; W. J. Condy, Socialist, for the Assembly from the Sixty-first District; Albert J. Peterson, Socialist, for the Assembly from the Seventy-fifth District. Initiative petitions were received on the anti-prizefight law from Merced county with seventy-one signatures and on the weekly-rest-day act from Orange and Merced counties with eighty-four and thirty-one signatures, respectively.

PAIGE DIVORCE DENIED.

Hard-Fought Case—Is Brought to Close at Reno—Son-in-Law Provides Funds for the Suit.

(BY DIRECT WIRE TO THE TIMES.)

RENO (Nev.) July 18.—[Exclusive Dispatch.] When District Judge Orr this afternoon refused a divorce to Edwin A. Paige of New York, he brought to a close one of the hardest-fought cases in the history of the divorce courts of this city.

The money to fight Paige's application for a divorce came from John E. Simpson of New York, a pawn broker, who married one of Paige's daughters.

Mrs. Mary A. Paige, the wife, in her answer filed to Paige's complaint, showed the motive for this through alleging that Paige was anxious to secure a divorce in order to marry the mother of her son-in-law, John E. Simpson.

The court held that the wife had reasonable cause to believe he had not acted right, and his actions were calculated to arouse well-grounded suspicions. Because of this she denied Paige a decree of divorce.

JUDGE WANTED TO MAKE SALE.

Witness at Hanford Hearing Repeats His Charges.

Says Jurist Desired Him to Buy Canning Patent.

Negotiations Carried on Entirely Through Lawyer.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SEATTLE, July 18.—I still say that Judge Hanford wanted to sell me a patent, testified Frank Burpee, a canning-machine maker of Bellingham, Wash., when he was called to the stand today by the House Judiciary Committee which is investigating the conduct of Judge Hanford.

Burpee had first testified last Tuesday. He was recalled after an opportunity to refresh his memory.

Witness fixed the date of his interview with the judge in his chamber relative to the invention, as in April, 1902. Litigation over salmon canning machinery was still pending in Hanford's court, witness being defendant in a suit brought for alleged infringement of six patents.

Witness had never talked with the judge directly about the patent, but Evan S. McCord, witness's attorney, broached the subject and witness understood that McCord was acting for the judge. Witness offered in evidence a letter to him from McCord, dated April 13, 1903, which said, in part:

LETTER INTRODUCED.

"On Saturday Judge Hanford called me into his private office and showed me the plan for his proposed machine for can-topping. He is desirous of having a sample machine made as soon as possible and says he would like to have you make it for him. He would like to have an interview with you next Sunday, along with myself, so that I might be well for you to bring down a little drawing of your machine, so that you can show it to him in advance. I would like to have you see him on Tuesday. I think it is worth while for you and me to see him. Whether you make any agreement with him about it or not, I very much wish that you meet him next Sunday. Kindly let me know at once whether you can come down on that day. We will make a personal favor if you will do so."

REFUSES TO PURCHASE.

Witness explained to McCord that he did not want to purchase Hanford's invention; that he had modeled the Burpee machine so that it no longer infringed on his rival's machine, and that the rival patents had only a year to run. He testified that McCord told Judge Hanford, in an interview, the reasons why witness declined to buy the Hanford invention.

George H. Plummer of Tacoma, western land agent of the Northern Pacific Railway Company, was on the stand nearly all afternoon, reading the correspondence between Judge Hanford and the officials of the Irrigation and Power Company on one hand and Northern Pacific land officials on the other, relative to the purchase by Hanford and his associates of railway lands in the vicinity of Priest Rapids. Plummer continued his testimony at the night session.

ENTERS UPON FOURTH WEEK.

The subcommittee began today the fourth week of its investigation, but hopes to close its work by Saturday night and depart for Washington.

A complete documentary record has been obtained in the case of Eli Melovich, to whom Judge Hanford is alleged to have denied justice. It is said that a full record also has been obtained bearing on the charge of bribery against Judge Hanford.

ALLEGED LAND PREFERENCE.

H. L. Klock, a merchant, testified that at a meeting of the Seattle credit league he decided not to furnish evidence concerning bankruptcy proceedings in Judge Hanford's court, he had told his fellow-committee members that he was going to furnish evidence with a man named Sutton relative to the Hanford Irrigation and Power Company.

Sutton came to the sale of school lands, on which he intended to bid. Sutton told witnesses that "he had got next to a sale of the land," that he was going to be "pulled off by Judge Hanford and his friends."

Klock said Sutton told him that land worth \$1500 an acre had been appraised at \$10 an acre, advertised in an out-of-the-way paper, and would be sold in an obscure place where there would be few bidders beside Judge Hanford's representatives. Sutton afterward told him, Klock said, that he had bid in a "bundy piece of land" for \$1700, for which he had been offered \$12,000.

Two members of a large drygoods firm of Seattle testified to the rejection by Judge Hanford of the firm's offer of \$65,000 for the bankrupt stock of the McCord Drygoods Company, which, after a long recalculation, yielded \$11,000, or 2 1/2 per cent to the creditors.

AUTO RIDES FOR WOMEN.

DOCTOR CAMPAIGNS FOR WILSON.

(BY A. P. NIGHT WIRE TO THE TIMES.)

ST. PAUL (Minn.) July 18.—Candidates for office, under the Minnesota corrupt practice law, just passed, cannot even dictate political letters to their stenographers unless they first make arrangements with campaign committees, according to a ruling made yesterday by Atty.-Gen. Smith.

In response to an inquiry from James A. Hall, County Attorney at St. Paul, this construction of the new act seems absurd, the Attorney-General admitted, but is justifiable by its text.

The Attorney-General points out that there is no provision in the new law permitting a candidate to buy his own stenographer, pay for lithographs or pay for the writing, addressing and mailing of campaign literature. Campaign committees are authorized to do all these things.

Correct Stationery

GIGANTIC UNDERTAKING BEGUN AT ALASKA-TREADWELL.

Tunnel Is Being Driven to Penetrate Eight Hundred Million Dollar Body of Low-grade Ore—Will Be Worked at Rate of Four Million Dollars Per Year.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA (Wash.) July 18.—[Exclusive Dispatch.] To tap the world's largest low-grade ore body, containing \$800,000,000 in gold, the Alaska-Treadwell Company, a subsidiary of the Alaska Treadwell Company, is boring a 7200-foot tunnel, heavily timbered, from the shore of Gastineau Channel, at Juneau, beneath Mt. Roberts, into the famous Silver Bow Basin.

Fifteen hundred feet of the tunnel is being installed. Present plans provide for the taking out of \$4,000,000 in gold yearly for 200 years. The Treadwell mine's production now exceeds that.

Electric power is driving the tunnel, will mine the ore and will operate the stamp mill. The tunnel will become a common carrier, furnishing an outlet for the ore in the basin owned by other companies.

For many years various properties in the Silver Bow Basin, which are of immense proportions, but low grade, have been operated in a desultory manner, but owing to the heavy cost of transportation of the ore across Mt. Roberts, which reaches an elevation of 1000 feet, little profit has been made.

On Gastineau Channel, near the mouth of the tunnel and nearly opposite the Treadwell mine, a stamp mill and concentrating plant of tremendous proportions are being erected. Electric motors, now used for hauling rock from the tunnel, will be used to operate the mill.

Los Angeles Man Is Run Over by Freight Train Near Sacramento and Dies from Injuries.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, July 18.—[Exclusive Dispatch.] "Brick" Curtis of Los Angeles, 30 years old, died in the Southern Pacific Hospital here late today of injuries received under a freight train. He had lost his right leg, his left arm and part of his right hand early this morning by being run over by a freight train in front of the Florida depot.

Curtis and a friend named Sillen were on their way to Sacramento, where they were to meet some friends at the Acme Theater. They were riding in a freight car, and Curtis was standing on the platform. The train was suddenly stopped by the sudden jerk of the track.

Dr. Rearty of Elk Grove was called and attended the injuries of the man, who was taken to a hospital. He is not known whether the man will live. When Curtis reached Sacramento he was in a serious condition. He had lost consciousness, and was rapidly sinking.

WEIGHTED DOWN WITH GOLD.

Body of a Miner Who Had Made a Clean-up, Only to Be Murdered for It, Found Near Oroville.

(BY A. P. NIGHT WIRE TO THE TIMES.)

OROVILLE (Cal.) July 18.—[Exclusive Dispatch.] The body of a man found near here in a dredging pond, with his head crushed and his throat cut. Further search today revealed a pack burro, carrying a complete miner's outfit, drowned in a nearby pit. The burro's head was crushed. The police believe that the miner was murdered by someone having knowledge of his "clean-up" and that the slayer was frightened away before he had time to rob his victim.

IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

Martovius as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

"93" Hair Tonic cures scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid for it. Two sizes, 50 cents and \$1.00. Sold only at our store—The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Sacramento, Portland, Seattle and Spokane.

Semi-Silk Scarfs 29c each

—These are made of semi-silk scarfing cloth. Nearly 3 yards long, and 24 inches wide. Ends neatly hemstitched. The lot includes nearly every desirable shade. They are actually worth 50c each, but we marked them for a previous sale at 35c each, as a special event for Bargain-Friday we offer them at 29c each. Find them in Aisle 6.

Parasols 75c

—Surely you wouldn't think of going without a parasol when you can purchase one of these at 75c. A good assortment of color combinations. Some have long directive handles. The marked price is \$1. Choose yours today for 75c.

Short Gloves Embroidered 69c

—Embroidered short gloves in black, white, gray, pongee, champagne, gold and tan. Every pair is double tipped and has two clasps at the wrist. The back is neatly embroidered. These are marked 89c; buy them today at 69c.

ARTHUR LETTS

NOTED EDITOR IS AFFLICTED.

Henri Rochefort, Famous in Europe, Going Blind.

Retires After Fifty Years of Incisive Writing.

PARIS, July 18.—It is whispered among close friends of Henri Rochefort, editor of La Patrie, certainly the most picturesque and one of the most famous of living Frenchmen, that he is rapidly going blind. His retirement from active work and the cessation of the slashing daily articles which he has been writing for nearly fifty years without misgiving came as a surprise to Paris. All that has been announced is that the seventy-year-old man has decided to retire and everything for the future is in the hands of his family and yet who has not a penny in public life, desiring a quiet life in the country. In his retirement he will be able to devote all his life, as he desires, to the cause of freedom, of the Republic and of his country. He has been a man of great energy, a man who has ever shown more courage and more courage than most men of his time. He has been a man of great energy, a man who has ever shown more courage and more courage than most men of his time. He has been a man of great energy, a man who has ever shown more courage and more courage than most men of his time.

GEN. IVONET KILLED.

Last of the Leaders of the Late Cuban Rebellion Surrounded by Troops and Slain.

[BY A. P. NIGHT WIRE TO THE TIMES.]

HAVANA, July 18.—Gen. Pedro Ivonet, the last of the leaders of the recent Cuban negro uprising to remain under arms, was surrounded and killed today by government troops at the Nombro de Dios plantation, near Santiago.

Gen. Ivonet with Gen. Evaristo Estenoz took the field in Oriente province with about 1500 men last May as a protest against the Morúa law, which provides that there shall be no recognition of political parties on racial lines. After burning and pillaging for a month the rebels were finally surrounded by government troops at Vega Ballaco. The troops attacked on June 26 and the rebels were routed, Gen. Estenoz being killed.

Gen. Ivonet was reported to have been severely wounded, but eluded the troops.

FINE HARRANGERS.

Talkative I.W.W. Members Succeeded in Removing Themselves from Paying Jobs.

TULARE, July 18.—Fifteen I.W.W. agitators who were put to work on the grading of the Big Four Railroad last week were discharged this morning and thrown off the work following an attempt to start a strike for a raise of wages.

After work last evening the I.W.W. was called a meeting of the grading crew and harangued the men for upwards of an hour, stating that under the present weather conditions no one "but a slave" would work for \$2.50 per day. Just what amount they ought to get none of them appeared to want to say, but all of them were agreed that a strike should be called without delay.

This morning they were called into the office and given their time. Greek laborers will be employed on the work hereafter, the first crew of twenty-five arriving here this afternoon.

Work has started on the branch line which is to be built to the Glendale winery, a distance of two miles, and which is to be completed under contract by September 19.

Tomorrow At Midnight Gibraltar Advances 10%

Every Gibraltar asset is growing in value every day. The actual price of the trees we own insures the selling of preferred stock at 15c by January 1.

We desire the strength of numbers, and the support of your co-operation much more than the dollar paid down for stock.

Profits from the first 2000-acre tract that we are now planning for subdivision will be from \$450,000 to \$750,000.

The land costs \$100 an acre, and the trees and planting \$125 more. It sells, after development, planting and subdivision, for \$450 to \$600 an acre.

This is a profit of 100 per cent to 200 per cent, and we save on these figures by using our own trees.

Every stockholder shares equally in these profits, and all greater earnings.

The same land, bought in 5, 10 or 20-acre lots, would cost \$200 to \$250 per acre.

This means 100 per cent to 150 per cent saved on the land alone, aside from profits of planting orchards from our own trees.

Here are shown the great advantages of co-operation.

Gibraltar preferred stock may be exchanged at full market value for any land, or other property of the company that is for sale.

ANAHEIM NOTES.

ANAHEIM, July 18.—The spectacle of a woman in a night robe running through an orange grove, chased by an infuriated man, who finally caught up with her and began whipping her, knocking out two of her teeth, attracted the attention of residents of North Lemon street yesterday morning. Following the couple were three small children, all clad in their night clothes.

Chester Holcomb and James Owens went to the woman's rescue. They found the couple were man and wife who were passing through the grove on a camping tour. The man had tried to consume all the liquor in town. He returned to the liquor which was pitched on North Lemon street, and began an attack on his wife. He was arrested and lodged in jail, but at the entreaty of his wife was liberated by the police.

The Anaheim Board of Health has commenced a vigorous campaign against the fly and the mosquito. Every known method will be employed to rid these pests. An inspector is to be sent out and will make the rounds of the city, and will report to the authorities any places responsible for either.

Worried About Mamma.

[Pearson's Weekly:] "Papa," said George, "it worries me awful to think how much trouble I give mamma."

"She hasn't complained."

"No, she's very patient. But she often sends me to the shops for things, and they are a good way off, and I know she gets cross waiting when she's in a hurry."

"Not often, I fancy."

"Oh, she's nearly always in a hurry. She gets everything all ready for baking and finds at the last minute she hasn't any yeast, or she gets a pudding all mixed and finds she hasn't any nutmeg or something, and then she's in an awful stew, 'cause the oven is all ready, and maybe visitors are coming, and I can't get a very long distance, you know; and I feel awful sorry for poor mamma."

"Humph! Well, what can you do about it?"

"I was thinking you might get me a bicycle."

Every Gibraltar asset is growing in value every day.

The actual price of the trees we own insures the selling of preferred stock at 15c by January 1.

We desire the strength of numbers, and the support of your co-operation much more than the dollar paid down for stock.

Profits from the first 2000-acre tract that we are now planning for subdivision will be from \$450,000 to \$750,000.

THE PERSONS ARE DROWNED.

In search of a Relative Who Escaped from a Pennsylvania Prison.

PAID WIRE TO THE TIMES.]

JOHN CREEK (Pa.) July 18.—The persons were drowned in a coal mine.

The dead are: John Raymond, her six children, her brother, Mike Rovinsky, and her mother.

The storm Raymond went to his home in the barn, located near the mine, and after waiting two hours, his children and the other members of the family became impatient and went in search of him. They reached the mine and found him down and carried out dead.

HEAVY SAMPLES STOLEN.

Lost in Value at Twenty-five Thousand Dollars—Chicago Carrier in Jail.

[A. P. NIGHT WIRE TO THE TIMES.]

CHICAGO, July 18.—Jewelry valued at nearly \$25,000 was stolen from a heavy sample carrier today on a crowded street in front of the Silverman building.

The jewelry was taken from the carrier by a man who was seen by the police. The man was taken to the police station and is being held for further investigation.

The carrier was a heavy metal box, used for carrying jewelry, and was valued at \$25,000. The jewelry inside was also valued at \$25,000.

The carrier was seen by the police at the Silverman building, and was taken to the police station. The man was taken to the police station and is being held for further investigation.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, July 18.—(Special Dispatch.) The Rivers and Harbors bill, as agreed to by the conference committee, and ordered printed by the House, contains an item of \$27,250 for improving Los Angeles Outer Harbor, in accordance with the report submitted to the committee. Also \$25,000 to continue dredging the channel between the outer and inner harbors.

The bill also authorizes the Secretary of War to convey to Los Angeles also and three-quarters across near Dead Man's Island for an equal area of submerged land in the outer harbor.

The sum of \$200,000 is appropriated for Monterey Harbor, and other appropriations are made for Oakland Harbor, Petaluma Creek, Napa River, Stockton Harbor, San Joaquin and other rivers.

Provision was made for the removal of the menace of silt from the harbor, and a general survey of Redondo Harbor.

[Signed] "WILLIAM D. STEPHENS."

LONG MOTORBOAT RACE WILL START THIS WEEK.

The Philadelphia-Bermuda cruising powerboat race will start from Race Point wharf on the Delaware River, Philadelphia, on July 17 and will finish off St. David's Head, Bermuda.

The winner will receive the Bermuda challenges cup and \$1000 in gold offered by a member of the New York Yacht Club.

FIVE ORPHANS OBTAIN HOMES.

*Adopted by Wealthy Couples
in Towns Near Chicago.*

*By Selection and Court De-
cree They Are Cousins.*

*Five Households Brightened
by Evanston Orphanage.*

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO BUREAU OF THE
TIMES, July 18.—[Exclusive Dis-
patch.] Five small orphan children
—five of the prettiest babies you ever
saw—found really, truly fathers and
mothers today by adoption. They
went into homes of comparative lux-
ury and already their careers, school,
college, debut, marriage—a name in
the world—are being planned by the
new mothers and fathers. It is al-
most like a fairy tale.

By the same token five women, who
had not known the joy of motherhood
up to today, became vicarious moth-
ers. The five children were adopted
from the same orphanage, where for
months they had romped and played
together. In the going out into the
world—the "happy ever after" phase
of this orphan story is the fact that
the quintette is not to be separated.

BECOME COUSINS.

The five new mothers they have
found are cousins. So by court de-
cree the youngsters emerge from the
brotherhood of the orphanage into
full legal relationship as cousins, and
the women bear the simultaneous kin-
ship to the youngsters of motherhood
and auntship. The families that
adopted the children are as follows:
Mr. and Mrs. W. H. Sperry, Aurora,
Ill. Mr. and Mrs. C. E. Rogers, Aurora,
Ill. Mr. and Mrs. E. A. Trol, Aurora,
Ill. Mr. and Mrs. Edward Faine, River-
side, Ill. Mr. and Mrs. A. Worrell, Danville,
Ill.

Mrs. Sperry and Mrs. Rogers are
sisters and the others are cousins.
The children were adopted from the
Illinois Children's Home at Evanston.
Two of the five are brother and sis-
ter—twins—born five minutes apart.
Each other in Aurora. A peculiarity
of the adoption is that the twins are
now legally second cousins. The
other children are not related except
in that their legal adoption makes
them second cousins.

ENTER WEALTHY HOMES.

The five families that adopted the
children are all wealthy and come
from the Colliviers of Aurora. A
short time ago Mr. and Mrs. John
Colliver, the grandparents of the five
women, celebrated their sixty-fourth
wedding anniversary. The whole
adoption followed a visit which Mrs.
Sperry made to the Evanston orphan-
age some time ago. She was at-
tracted by the beauty and brightness
of a small girl at the home and a
few days later at a family reunion
suggested that she and her husband
adopt the little girl.

MOTHER IS UNFORGIVING.

Unwilling to Acknowledge Young
Man Who Eloped With Daughter,
Despite Discovery of His Wealth.

(By Federal Wire to the Times.)
OAKLAND, July 18.—[Special Dis-
patch.] Despite the romantic discov-
ery that George Bullock, nephew of a
Los Angeles merchant, who eloped
with his daughter, 18-year-old Allen
McKinnon of Berkeley, is a wealthy
man instead of a poor one, Mrs. J.
L. McKinnon, mother of the girl, Bul-
lock, still refuses to forgive Bul-
lock.

"My daughter is still welcome to my
home any time she wishes to come,"
she said today, leaving it to be implied
that Bullock would not be welcome.
Bullock posed as the poor, but honest,
son for Miss McKinnon's hand, and
Benjamin Edwards, the millionaire
aspirant favored by the girl's mother.
Mrs. McKinnon declares that her
daughter was engaged to Edwards,
but the pleadings of Bullock, who was
on the spot, rapidly made him the fa-
vored son and resulted in the elope-
ment.

CIGARETTE STARTS FIRE.

VALUABLE TIMBER SAVED.
(BY A. P. NIGHT WIRE TO THE TIMES.)
SAN JOSE (Cal.) July 18.—A
carelessly thrown cigarette started a
fire last night near the Crow ranch,
back of San Hamilton, which burned
over a large area, but is now re-
ported under control. Appeals for
aid were sent to this valley and the
fire fighters were led by the Alameda
county fire warden. Had it
spread a mile farther into rich tim-
ber and pasture land, it would have
done great damage and the whole
Livermore side of the range would
have been swept by the flames.

COUNTY TREASURER INDICTED.

MISAPPROPRIATION ALLEGED.
(BY A. P. NIGHT WIRE TO THE TIMES.)
MARTSVILLE (Cal.) July 18.—
After deliberating four hours this
afternoon the Yuba county grand
jury brought an indictment against
County Treasurer George W. Pine,
charging him with the misappropriation
of county funds to the extent of
\$8,115.41. Pine is at liberty upon
\$15,000 bail fixed by Judge McDaniel.

ALLEGED SLAYER SLAIN.

POLICE HUNT FOR SUSPECTS.
(BY A. P. NIGHT WIRE TO THE TIMES.)
REDDING (Cal.) July 18.—Wil-
liam C. Landis, a merchant of Buck-
eye, was ambushed and killed by an
unknown person this evening while
returning home from Redding. In-
asmuch as he was out on bail on the
charge of having shot and killed
Mrs. W. C. Bradford near Buckeye
on May 31, the authorities believe
the crime is an act of revenge. On
this theory they are searching for
suspects. Landis's bail, which was
deposited last week, came to \$15,000.
He left a wife and two children.

She Has San Francisco Society Guessing.

Mrs. Virgilia Bogue Baron,
Queen of the Portola celebration in San Francisco three years ago, who
is due to arrive in New York in a few days from Italy, with her baby.
Her friends are wondering if she has renounced her Italian "Count."
Mrs. Baron was born at Auburn, Cal., daughter of Virgil Bogue, chief
engineer of the Western Pacific Railway. Her husband was a street
car conductor in San Francisco while carrying on his courtship.

HER FRIENDS WONDER IF SHE'S TIRED OF "COUNT."

*Virgilia Bogue Baron, Whilom Queen of the Portola
Carnival in San Francisco, Is on Her Way From
Italy With Baby—Revives Rumors that Her Happi-
ness Has Not Been Complete in European Home.*

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO BUREAU OF
THE TIMES, July 18.—[Exclusive Dis-
patch.] Is Virgilia Bogue Baron, erstwhile queen of the Portola
celebration, leaving her Italian
"count" forever, or is she only com-
ing home for a visit to her parents
and to breathe a whiff of that new
world atmosphere which she once
branded as impossible?

Mrs. Baron, with her small son,
born within a year of her romantic
marriage to the quasi-count, who then
was a street car conductor, is due to
arrive in New York within a few days,
and rumor has it that she intends to
remain in that modern Babylon to
pursue the literary work she began so
auspiciously by publishing the erotic
novel, "The Strength to Yield."

Every now and then reports have
reached San Francisco that the beau-
tiful whilom queen of the Portola was
not supremely happy with her hus-
band, whom she married against her
father's wishes and in the face of pre-
dictions that the baron's Italian
estates and position would prove to
be as fictitious as those of the im-
aginative Claude Melnotte.

Campaign Fund.

WASHINGTON, July 18.—The
Democratic campaign fund con-
tained about \$1,000,000 when
Alton B. Parker ran for President in
1904, according to W. F. Sheehan of
New York, who testified today before
the Senate Committee investigating
campaign funds.

Mr. Sheehan then was chairman of
the Democratic National Committee.
Money was sent by the committee, he
said, to Maine, Colorado and Ne-
braska.

(BY A. P. NIGHT WIRE TO THE TIMES.)

"To Maine, did you say?" asked a
Senator.

"Yes, with very gratifying results
to the Democrats."

"How much was sent to Nebraska?"

quipped Senator Oliver.

"I think about \$15,000."

"Mr. Bryan was the candidate for
the Senatorship that year, was he
not?"

"I do not remember exactly."

"Well, I think he was," interrupted
the Pennsylvania Senator.

BELOMONT A CONTRIBUTOR.

Mr. Sheehan said he remembered
August Belmont was a large con-
tributor. Senator Oliver asked if
Thomas F. Ryan also was a contribu-
tor in the same campaign. The wit-
ness responded that he was.

Mr. Sheehan wanted the committee
to understand when he estimated the
Democratic funds in 1904 at \$1,000,

000, that he was not contradicting
August Belmont, who "guessed" on
the stand that the amount was \$600,-
000 or \$700,000.

"It is all a matter of memory,"

insisted Sheehan. "I think the Na-
tional Committee used directly about
\$300,000. I think there came through
the committee some contributions for
specific use in New York State."

Senator Clapp asked the witness
if he had an impression that amount-
ed to about \$200,000.

The witness declared the committee
made rule at the beginning of the
campaign not to accept money from
any trust. He believed no such con-
tributions were made directly or in-
directly.

"There was \$10,000 contributed,"

began Mr. Sheehan, "by the American
Sugar Refining Company—sent by Mr.
Havemeyer—to the State Committee."

Before the check was cashed, he
heard about it and it was returned.

Senator Clapp asked the witness
for the names of contributors of
more than \$5000.

"I recollect Mr. Belmont chiefly
because of his testimony," replied
Mr. Sheehan. "I was away up in
Maine much of the time and did not
have so much to do with the raising
of funds. There were others who
contributed more than that sum,
but I cannot remember them."

THE MONEY GETTERS.

"Who was most active in securing
money?" asked Mr. Clapp.

"Why, Senator, various people

were soliciting on their own re-
sponsibility. The members of the
committee were active. People were
circulating. We published requests
for funds. Democrats or others in-
terested in the success of the ticket
came in to inquire if it were sat-
isfactory for them, to get out and
raise some money."

Mr. Sheehan said the late Daniel
S. Lamont assisted him in collecting
money. "Lamont had been con-
nected with corporations, he said, but
he could not remember what ones.
Asked if he could tell the commit-
tee where it could find Charles Hall,
assistant treasurer of the National
Committee in 1904, in charge of the
finance books, Mr. Sheehan said
he thought Hall might be in Albany.

WHO THE MAN IS.

"He is a Thayer and a perfectly re-
spectable man," added Mr. Sheehan.
Chairman Clapp retorted that he
meant no reflection on Mr. Hall, but
that the committee had been unable
to get in touch with him.

"Did you take any part in the cam-
paign of 1908?" Mr. Sheehan was
asked just before he was excused.
"Only as a contributor," he re-
plied.

Other witnesses will be called later.

They will include Representatives

Lloyd and McKinley, chairmen, re-
spectively, of the Democratic and
Republican Congressional Campaign
Committees. The date of further
hearings will go have not been deter-
mined.

NAVY YARD GATE CLOSED.

Admiral Coddman Says Charleston
Officials Have Broke Faith by
Granting License for New Saloon.

(BY A. P. NIGHT WIRE TO THE TIMES.)

BREMERTON (Wash.) July 18.—

[Exclusive Dispatch.] Ordering the
closure of Charleston gate of the navy
yard, Rear Admiral V. L. Coddman,
has made an emphatic protest against
the refusal of the Charleston City
Council to revoke the license of the
fourth saloon in the town. "Charleston
formerly had four saloons, but one
of the licenses was revoked last year
because the place was improperly con-
ducted. This left the three bars
and the city authorities so reported to
Admiral Coddman at the beginning of
this year."

Since that time the new marine bar-
racks have been completed and occu-
ped at the Charleston end of the
yard. Recently George W. Dane, a
rancher, and former saloon man, ap-
plied for the fourth license and it was
granted.

The Charleston City Council con-
tends that inasmuch as there were
four saloons operating last year, the
license to Dane cannot be consid-
ered as an extra saloon.

Admiral Coddman declares this is
an evasion.

REFRIGERATION RATE CUT.

Interstate Commerce Commission
Reduces Southern Pacific Charges
Between California and Newark.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SAN FRANCISCO, July 18.—The

Interstate Commerce Commission has
ordered a reduction of over 50 per
cent. in the Southern Pacific re-
frigeration rates between California
points and Newark, N. J., according
to advice received at the general
office of the railway company here.

The case testing the old rate is
that of Jackson and Perkins against
the Southern Pacific, suing to recover
charges on the ground that \$70 a
car to Newark was excessive by \$40.
The firm argued successfully that
during the winter months much of
the traffic is moved over the Central

and Northern lines, where no re-
frigeration is required.

COLD WAVE IN CHICAGO.

Chilling Rain Descends in a Sec-
tion Where the Weather Seems Al-
ways to Be a Little Off.

(By Federal Wire to the Times.)

CHICAGO BUREAU OF THE
TIMES, July 18.—[Special Dispatch.]
Today a cold wind blew over the city,
and early in the afternoon a chilly
rain descended for an hour. The
weather officials are firm in the be-
lief that the cold spell will last for
the next three days. The citizens
hope they are right.

SENATE LEADERS AGREE.

TARIFF BILLS ARE AT ISSUE.

(BY A. P. DAY WIRE TO THE TIMES.)

WASHINGTON, July 18.—Leaders

in the Senate reached an agreement
late today for a vote next week on
the three Democratic tariff meas-
ures as follows: The wool bill Thurs-
day, sugar bill Friday and the excise
tax bill Saturday. Ratification of
the agreement finally was put over until
tomorrow. The Democrats demanded
the right to vote on the excise
bill as an amendment to the sugar
bill and delayed closing the agreement.

MILLION FOR IMPROVEMENTS.

DENVER (Colo.) July 18.—[By A.

P. Night Wire.] Vice-President F. L.
Brown of the Denver and Rio Grand
Railroad today authorized track im-
provements to cost more than a mil-
lion dollars. These improvements
will consist of the substitution of
steel and concrete for wooden bridges,
rebuilt, etc.

THE TONIC FOR THIN BLOODLESS GIRLS

Girls who study hard or work hard,
who grow pale and thin, who come
home from school or shop too tired
to do anything even in the way of
amusement—these are the girls who
will get most benefit from a course
of treatment with Dr. Williams' Pink
Pills for Pale People. No medicine
ever offered the public has been such
a boon to suffering women and girls
as this tonic remedy. These pills are
not a mere stimulant, giving tempo-
rary relief; they build up the body
anew by making rich, red blood that
imparts splendid health, brightness,
cheerfulness, energy and ambition.

Dr. Williams' Pink Pills begin their
work of improvement with the first
dose. The first sign of improvement
is usually an increased appetite, the
absence of distressing symptoms after
eating, more refreshing sleep, a bet-
ter color in face and lips. These are
signs that pure, rich blood is now cir-
culating through the body and that
with this necessary assistance, nature
is effecting a cure.

Miss Ellen Mattis of No. 222 West
10th South street, Salt Lake City,
Utah, relates her experience gladly in

the hope that others will be helped
by it. She says:
"I was all run down, thin, pale,
less and had no color whatever. The
doctors treated me, but did not
make that I could see. I kept losing
weight. I had nervous prostrations
of the heart and often felt as if I
was being smothered. It seemed
as if I could not breathe. I was
tired and the least exertion would
bring me down. I got discouraged
and almost gave up. I was urged
to try Dr. Williams' Pink Pills.
I felt some improvement. I took
the first box and as I continued
to use them my strength and weight
increased and my color returned.
I could now do my work and was
much healthier than when I began.
I always speak highly of Dr. Williams'
Pink Pills."

Two booklets, "Building Up the
Blood" and "Plain Talks to Women
on Receipt of Price, 50 cents a
box, \$2.50 by mail, by Dr. Williams'
Medicine Company, Schenectady, N. Y."

FIGHTING IS RESUMED
IN MAZATLAN DISTRICT.

(By Federal Wire to the Times.)

SAN FRANCISCO BUREAU OF
THE TIMES, July 18.—[Special Dis-
patch.] Passengers arriving today on
the steamer Peru from Mazatlan re-
ported that fighting had resumed
there and about Mazatlan. It
was believed at the time of their de-
parture that the southern part of the
state, which would immediately
be to force fighting.

On the Peru were several women
and had been sent from Mexico be-
cause of unsanitary conditions by their
husbands.

Mr. Clarence E. Edwards, former
chief of the publicity department of
the California Promotion and Cali-
fornia Development Boards, also re-
ported that the fighting had resumed.

Edwards states that it is no uncon-
mon thing to see soldiers hanging
from the outskirts of Mazatlan.
As the general manager of the
California Corporation of Mexico he
wrote to the country and he
was more trouble in the near fu-
ture.

THE VIGILANCE COMMITTEE
HAS THOUGHT TO INDICATE
THEY WILL SOON ENTER TOWN.

(BY A. P. NIGHT WIRE TO THE TIMES.)

REDDING (Cal.) July 18.—Activ-
ists of the Vigilance Committee
organized to preserve order
during the passage of the city from
Federal control, led to the in-
surrectionists Juarez within
hours.

HUERTA'S MEN DRAWING NIGH.

Orosco Flees From Juarez to Casas Grandes.

Federal Troops are Bringing Up Their Big Guns.

Advance Guard at Mocuma, Few Miles Off.

[BY DIRECT WIRE TO THE TIMES.]
EL PASO, July 18.—[Exclusive Dispatch.] Federal infantry, cavalry and artillery, with the heavy field guns which were so effective against the rebels in the south, are now marching on Juarez. The advance guard is at Mocuma, 114 miles south of Juarez, and the main column is expected in Juarez before the end of the week.

Orosco left his retreat in the Casas Grandes and went to Casas Grandes. Unless he makes an early start for Juarez, where his main force is, he will be forced to fight his way out of Juarez.

FEDERAL MAIN FORCE.
The federal troops are bringing their main force by way of Juarez and could easily overcome any force Orosco may send against them.

Additional troops arrived from Casas Grandes tonight, indicating that Orosco has no immediate intention of evacuating the town.

MUTINY OF REBELS.
An attempt to execute a murderer in Juarez yesterday brought about a mutiny among the rebel soldiers which resulted in the death of six.

A soldier and another Mexican had been fighting over a girl. The soldier killed the civilian and when the rebels ordered his execution the garrote mutilated. A strong force was sent against them and the mutiny was quelled only after six of the mutineers were killed.

Further trouble is expected in Juarez as the federal troops are bringing up their main force.

STORES LOOTED.
The stores of the Madera Lumber company and the other companies in Juarez are being looted.

A. J. Cate, an American citizen and a resident of Clint, Tex., is being held prisoner by the rebels in Juarez. He was taken from his home in Clint, Tex., and is being held in Juarez.

REBELS KILLED.
Heavy fighting in Juarez over a woman—Campes may accept the offer of amnesty.

[BY A. P. NIGHT WIRE TO THE TIMES.]
MADERA (Chihuahua, Mex.) July 18.—Six rebels were killed, one fatally injured and a half-dozen others taken prisoner in a battle fought in a house today among the insurrectionary troops here.

The men fought over a woman and one was killed. Gen. Rojas had ordered the murderer executed when the rebels intervened. The incident served to reveal the fact that the federal troops are now in the town of Juarez.

The federal troops are now in the town of Juarez. The rebels are being driven out of the town. The federal troops are now in the town of Juarez.

REBELS ROUTED.

THREE BATTLES FOUGHT.

CHIHUAHUA (Mex.) July 18.—Federal troops under Capt. Chavez routed forces of rebels in three successive encounters yesterday, forty miles south of Parral.

TO PROTECT THE MORMONS.
[BY A. P. NIGHT WIRE TO THE TIMES.]
MEXICO CITY, July 18.—The Mexican foreign minister, Pedro Lascurain, in an interview today said every effort was being made by the government to protect the Mormons.

Gen. Huerta, he said, had despatched a strong column for that purpose.

NAVAL MILITIA RETURNING.
TWO MEN LEFT BY CRUISER.
[BY A. P. NIGHT WIRE TO THE TIMES.]
SEATTLE, July 18.—The cruiser Marblehead, carrying the California naval militia, sailed from Victoria for San Francisco today, omitting a promised call at Seattle, where preparations to entertain the militiamen had been made.

The Marblehead coasted at the Puget Sound navy yard and sailed without two men who had been given shore leave and told to join the cruiser in Seattle. The Marblehead's hurry was due to her being behind her schedule.

WILSON NAMES COMMITTEE.
Democratic Nominee Announces Names of Fourteen Men Who Are to Manage His Campaign.

[BY A. P. NIGHT WIRE TO THE TIMES.]
SEA GIRT (N. J.) July 18.—The Democratic Campaign Committee, which will have supreme charge of the Presidential campaign, was named tonight by Gov. Wilson. It consists of fourteen members, with William F. McCombs, the chairman of the Democratic National Committee, as chairman.

The members are: Robert S. Hudspeeth, New Jersey; Joseph Daniels, North Carolina; Robert La Follette, Wisconsin; Robert L. Ewing, Louisiana; A. Mitchell Palmer, Pennsylvania; Joseph E. Davis, Wisconsin; Will R. King, Oregon, all of whom are members of the National Committee, and Senators Thomas P. Gore, Oklahoma; James A. O'Gorman, New York; James A. Reed, Missouri; Representatives Daniel J. Gillicuddy, Maine, and Albert S. Burleson, Texas; William G. McAdoo of New York City.

DUKE AND DUCHESS OF MARLBOROUGH Agree to Recognize Each Other for Sake of Mutual Friends.
[BY DIRECT WIRE TO THE TIMES.]
LONDON, July 18.—[Exclusive Dispatch.] The fact that the Duke and Duchess of Marlborough, the latter formerly Consuelo Vanderbilt, have met, shaken hands and agreed to recognize each other whenever they meet, has set society to speculating as to whether now, that the ice has been broken, permanent reconciliation is not imminent.

Guests at a dance given by the Duchess at Sunderland house last night, were thrilled by a report that a reconciliation has actually occurred, and that the Duke would make a dramatic appearance at the party and that the Duke and Duchess would let bygones be bygones. Such anticipation, however, was doomed to disappointment. The Duke received alone and the Duke did not appear.

It is a fact, however, that both met at the house of a mutual friend and agreed to relieve the awkwardness of their hosts and hostesses and friends by acting in an agreeable manner toward each other.

Since their separation, the situation has been full of difficulties for the social pair, as on several occasions they found themselves in the same parties, giving each other a cold eye as they passed.

MILITARY AVIATOR KILLED.
Meets Death in Leipzig After Landing His Flying Machine Turning Overboard on the Ground.

[BY CABLE AND A. P. TO THE TIMES.]
LEIPZIG (Saxony) July 18.—Lieut. Pruesner, a German military aviator, was killed here today as he was making a landing after a flight. The machine turned over twice after it struck the ground. The aviator was caught beneath the engine.

ANOTHER COUNTY HEARD FROM.
House in Australia Kicks Against Free Passage of American Ships Through Panama Canal.

[BY CABLE AND A. P. TO THE TIMES.]
MELBOURNE (Australia) July 18.—The House of Representatives unanimously adopted today a motion setting forth that "in the opinion of this House any system providing for a bonus or a rebate of canal dues to American shipping using the Panama Canal would be detrimental to the interests of Australia."

THE CORPORATION TAX.
MONEY COMING IN SLOWLY.
[BY A. P. NIGHT WIRE TO THE TIMES.]
SACRAMENTO, July 18.—At the close of business today State Treasurer E. D. Roberts had received \$233,783.66 in corporation franchise taxes for 1912, which became payable on July 1. The first installment becomes delinquent after August 12. Before that date, over \$5,000,000 is scheduled to be paid, the total corporation assessments for the year aggregating over \$10,000,000, of which half is payable in the first installment.

HOLDS LIMITED; WRECK ENSUES.

Woman Telegraph Operator on the Witness Stand.

She Places Blame for Collision on Dead Engineer.

Flagman Insists He Heard the Warning Torpedoes.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]
CHICAGO BUREAU OF THE TIMES, July 18.—[Special Dispatch.] Mrs. F. A. Wilcox, telegraph operator, admitted today before Coroner Hoffman that she misunderstood the semaphoretic signal at Western Springs, Ill., last Sunday morning, and that afterwards the Burlington mail crashed into the overland limited and thirteen lives were lost.

Mrs. Wilcox testified that she understood an order from Coroner Hoffman to inform that station when No. 4, a passenger train, had cleared her station, to read to hold that train. She said that later she realized that the latter train was coming so she cleared No. 4 and held the limited. The mail train followed and crashed into the rear end of the limited.

BLAMES ENGINEER.
Mrs. Wilcox, in answer to a question by Coroner Hoffman, placed the blame for the wreck on the engineer of the mail train, who was killed, and the fog. She exonerated Flagman Woodworth.

She will resume the stand when the inquest convenes at 9:30 a.m. on Monday.

The inquest today was held in the village hall in LaGrange. In his testimony Woodworth created considerable excitement when he stated that after his train passed the signal tower where the stop signal was flashing, a danger signal was thrown off and a clear signal substituted. Later, he said, the danger signal was placed back again.

Woodworth declared that when his train stopped he had gone to the flag of the Omaha mail, which later crashed into his train.

SHOUTED TO GO BACK.
He said Mrs. Wilcox had shouted to him excitedly to go back and protect the train.

"I went back and put down two torpedoes on the track," said the flagman. "I placed them ten feet apart. Then I ran back about the distance of eight telegraph poles, waving my danger flag."

"Just then I saw the train tearing along. The engineer looked out from the cab. I don't think he ever saw the flag, because he didn't give the answer signal, or two short whistles. I don't think he heard the torpedoes go off, but I did."

Prior to the testimony of Woodworth, Engineer George H. Eno, of the Denver train, was examined. He did not see the warning semaphoretic until he was upon it.

"I'm afraid to go back," said Eno today sworn he said to his fire-

ENGINEER IS BURNED.

Oxnard Man Receives Terrible Injuries Following Explosion in the Compressor-Room—Short Stories.

OXNARD, July 18.—Surrounded by gas flames following an explosion in the compressor-room of the Ventura County Power Company, Milton Nicholson, chief engineer, was terribly burned this afternoon.

During the morning a valve had broken from a compressor allowing gas to escape into the room. He had gone into the room to turn off a switch, and as he did it a spark escaped igniting the gas. His clothing was afire a second later, the hair was burned from his head and his eyebrows were singed off by the flames.

The building was saved from destruction after a hard battle.

NEWS BRIEFS.
Steps to make a summer resort at Hueneume with amusement attractions and various features were taken today when the Hueneume Land Company was incorporated. The concern plans to build a resort about \$19,000 to get first improvements under way and will probably take further steps in coming seasons.

J. E. Reynolds, superintendent of county schools, has just filed his annual report, which shows that there was expended for school improvement and educational purposes, \$113,310.39. He also declares that the new institute system inaugurated this year in the county, proved a saving of at least \$10,000.

A committee appointed today by directors of the Lima Bean Growers' Association for the purpose of examining the annual report of the association, and also the report of the financial conditions, started its work this afternoon. It will probably consummate several days handling this work. The committee appointed consists of David Carling, George Sexton and Robert Owen.

Proposing to her while they were picking apricots in a Moorpark orchard near Santa Barbara, the defendant, a Mexican, stabbed and probably fatally hurt Mrs. F. Avila. He would probably have murdered her but for the interference of another workman. The woman was rushed to the Bard Hospital in Ventura for treatment.

FROG FARM FOR DINTEBA.
Creation of Novelty Becomes a Cold and Chummy Reality—Large Demand and No Supply.

DINTEBA, July 18.—While the most famous California frog farm was established, according to a once-popular novel, in the Tulare Lake country, the first one of which there is an authentic record is now being equipped at Patterson, George Poston and William Aspe having purchased a suitable tract of land for the enterprise.

A large concrete pool is being built in the tract and this will be supplied from an irrigating ditch which flows through the property.

The proprietors state they have investigated the market and find that there is a large demand, and but little to be had in a merchandising way. The deal with the idea of eventually dealing in frog legs in wholesale quantities to all the cities of the Coast.

WHAT TAFT HAS DONE.
[SUMMARIZED BY THE BALTIMORE AMERICAN.]
He has effected arbitration treaties with Great Britain and France.

He vetoed the Arizona Statehood Bill because of the recall of judges provision.

He has enforced the Sherman anti-trust law without fear or favor.

He vetoed the Democratic wool, cotton and free list bills as unfair, unscientific and destructive of the Republican principle of protection.

He abrogated the discriminating passport treaty with Russia.

He established postal savings banks.

He prevented railroads from putting rate increases into effect without approval of the Interstate Commerce Commission.

He has rushed the Panama Canal to early completion without hint of scandal.

He has practically destroyed white slave traffic.

He has signed the bill for admission of Arizona and New Mexico to Statehood.

He has established the Bureau of Mines to safeguard the lives of miners.

He has extended our foreign markets for the benefit of American capital and labor.

He has abolished the shameful system of peonage in this country.

He has submitted the income tax amendment to the Constitution to the State Legislatures for ratification.

He has effected advanced boiler inspection laws passed by Congress.

He has established means for complete irrigation projects in the West.

He has maintained and extended the open-door policy in China.

He has maintained peace in Cuba and South and Central America by friendly warning, without intervention.

He has modernized and reformed government business methods by an economy and efficiency commission, saving millions of dollars to the American people annually.

He instituted non-political methods for taking the thirteenth census.

He has effectually destroyed bucket shops and get-rich-quick concerns.

He has persistently labored for a parcels post.

ONE THOUSAND PIANOS IN THIS EXTRAORDINARY DISTRIBUTION NOW IN— PROGRESS AT BARKER BROS.

Immense Circle of Homes Will Participate in the Benefits and Economies Brought About By This Big Clearance Sale of the Stock of the Frank B. Long Co.

Large Number of Pianos Already Sold and Many Delighted Buyers Testify to the Remarkable Character of the Opportunity to Secure Unparalleled Bargains in Really Dependable Instruments.

TODAY AND TOMORROW WILL BE TWO MORE BUSY DAYS

List of Makes Offered in This Week's Selling Include Many Famous Names and All Styles of Pianos Are Embraced in the Large Variety.

Grand Pianos at Usual Cost | Player Pianos at Usual Cost of "Silent" Styles.

New Uprights at About What Used Pianos at Almost Any Good Used Pianos Usually Price to Dispose of Them in Haste.

TERMS ALMOST ANY WAY TO SUIT

How about it? That's the question—HOW ABOUT YOU? If you really want a piano, you can most positively secure it now, for if price and terms have anything to do with the matter, we will supply home made pianos at a price that will open the door of opportunity to you.

We know that we are justified in the assertion that really good pianos have never been offered in Los Angeles before, at such prices as have been established to close out this Frank B. Long stock. Our contract states emphatically that we must be prepared to receive our net stock of the famous Melodigrand pianos, for which we

have closed exclusive Los Angeles and Southern California selling rights, in the near future. When we closed this contract, we had on hand, en route and contracted for, between five hundred and one thousand pianos of other makes. The disposal of these pianos meant a task that probably no other Western piano selling house has been ever called upon to duplicate. But Barker Bros. are equal to big things in a merchandising way. This sale is no exception to the rule. We set about to close out these pianos—AND WE SHALL DO IT. The prices will accomplish it. It is positively the greatest piano buying op-

portunity ever offered to piano buyers in this section of the country. If you fail to take advantage of it, you will undeniably have real reason for regret—and more than this, you can hardly hope to be offered another opportunity such as this soon again.

Come to Barker Bros. today or tomorrow—that is all we ask—INVESTIGATE! If your expectations are not fully realized, we shall have nothing more to say. Come—without delay.

PROLONGS SUSPENSE OF WOMAN TRIED FOR LIFE.

Oregon Man Pays First Wife to Relinquish Claim.

Procures Her Consent to Divorce and Files Suit.

Aged Brother in California Reveals His Identity.

[BY DIRECT WIRE TO THE TIMES.]
PORTLAND (Or.) July 18.—[Exclusive Dispatch.] Having paid Mary Gawley, his wife, and the mother of his three children, whom he deserted in Holgate, twenty-five years ago, \$2600 cash in settlement, and having procured her consent to a divorce, James E. Gawley, alias James E. McCauley, has filed a suit at Oregon City for annulment of the marriage. It will be uncontested.

WILL CHANGE NAME.
His next step will be an application to the county court of Multnomah county for a change of his name to James E. McCauley, by which he has been known in the Gray's Harbor cities and Portland for more than twenty years. This is the statement of J. B. Ryan, his attorney.

For many years after deserting his wife and children and eloping to the Coast with another woman, the one who for nearly a quarter of a century has passed as his wife, Gawley sent yearly contributions of a few hundred dollars to his deserted family. Hector Gawley, his aged half brother, living at San Bernardino, Cal., acted as his go-between in conveying the remittances. Some years ago these contributions ceased and Mrs. Gawley started search for her husband, finally locating him in Portland. She came here and brought an action for non-support.

BROTHER TELLS TRUTH.
For a time Gawley denied he was the missing husband, but when Hector Gawley, with a patriarchal white beard sweeping down his breast, took the stand in the county court, and with tears rolling down his cheeks, told the whole story, Gawley ceased to deny his identity.

James E. Gawley has been in the timber business on the Coast and has acquired valuable property.

Broke the Circle.
[Puck:] "Pop, is patience a virtue?" "Yes, my son."

"And virtue its own reward?" "So we are told."

"And do all things come to those who know how to wait?" "See here, my son, never attempt to monkey with the proverbial buzz-saw."

If You Want to Go East C. Haydock.
724-738 Main St. L. C. R. R. 128 W. 2nd St.

PROLONGS SUSPENSE OF WOMAN TRIED FOR LIFE.

to decide who killed him," declared the prosecutor. "I have done my duty. I have presented the evidence gathered by the police, and I am satisfied beyond any question of a doubt that Charles B. Morrow did not commit suicide, but he was murdered."

"I don't care to say who murdered Charles B. Morrow," declared Mr. Northrup. "The circumstances here point to the fact that he did not take his own life but that he was slain. It will be your duty to say who committed the crime."

Every seat was occupied, most of the spectators being stylishly-gowned women. Many members of the various clubs and other organizations to which Mrs. Morrow belonged occupied seats in the courtroom and listened to the argument of Mr. Northrup.

WILL ORGANIZE CABINET.
New Grand Vizier of Turkey Is Tewfik Pasha, Turkish Ambassador at London, Filling Vacuum.

[BY CABLE AND A. P. TO THE TIMES.]
CONSTANTINOPLE, July 18.—Tewfik Pasha, the Turkish Ambassador at London, has been appointed Grand Vizier. He has a reputation for good judgment and moderation and is expected to form a Cabinet to succeed the one which resigned today.

It is probable he will include in his Cabinet Nazim Pasha, commander of the first army corps, as Minister of War, which would assist in the coalition of the different parties and possibly prevented the dissolution of the chamber. It is doubtful whether the Young Turks party would acquiesce in this solution.

The resignation of the Cabinet was due largely to its inability to accept the conditions which Mahmoud Mukhtar demanded as the price of his acceptance of the war portfolio—amnesty measures and clemency to the Albanian rebels and the withdrawal of all troops from Albania.

It is announced that a peace mission will be dispatched to Albania to endeavor to persuade the rebels to settlement of all grievances.

PLEADS FOR CLIENT.
"We are not contending whether or not Morrow killed himself. We are not contending that he was murdered. We are contending that this woman, here on trial for her life, did not kill him, and I will prove to you that she did not."

Attorney Erbstein was here interrupted by Judge Kersten, who announced that court would be adjourned until 9 o'clock tomorrow.

Mr. Northrup's speech to the jury was a severe denunciation of the deed. He ridiculed efforts of the widow to lead the jury to believe that her husband had committed suicide. He said he would show conclusively that the victim had been murdered.

"And it is for you men of the jury to decide."

"Ho!" cried the poet with delight, "They taste like sun and autumn blended." Then penned a toast—straightway to Post, "Here's to your Toasties—they are splendid."

THOUSANDS RALLY!

WE read in the daily papers. Of course

they rally. Their slogan is

—A HOME SITE FOR ALL—

And their conviction is held every day

in the active family. Sometimes a com-

mittee for the future of the nation

is formed, but always and ever,

a vigorous fight is being made to gain

possession of the coveted plot of ground.

The campaign never closes. When one

family gains the desired end, several more

are electors.

They know that a home saves money for

the pocketbook. While, in this in-

crease, the land values are daily

rising, it is always a safe and

sound investment.

The family man can hardly invest his

money more securely than in a

home site as when he buys a home.

We have the most desirable home site

in Los Angeles waiting for you right now.

MITCHELL'S

EXPOSITION PARK SQUARE

Has wide paved streets, beautiful park-

ing, and a great deal of money and many

years of study have been devoted to the

arrangement and beautifying features.

All modern conveniences are fully in-

stalled. Gas, water, electricity, tele-

phone.

A twenty-minute ride taken by any

member of the committee or by the whole

family will show most convincingly all

the advantages of such a measure. Every

member of the family will be benefited

by the purchase of a home site. The

benefits are many. The purchase of a

home site is a safe and sound invest-

ment. It is a home site. It is a home

BABIES SOB AS "MOTHER" GOES.

Mrs. Stoddard Resigns Work of Quarter Century.

Beloved of Thousands of Wee Waifs to Retire.

Many Charitable Bodies to Keenly Feel Loss.

The public charities of Los Angeles, more especially those whose purview includes the "mothering" of her thousands of homeless and motherless waifs, sustained perhaps the greatest single loss of their history yesterday when, with her resignation as president of the board of managers of the Florence Crittenton Home, Mrs. Frank Stoddard bade a sorrowful farewell to a work of love and devotion in which she has been a bright and shining light for more than twenty-five years.

Known and beloved as the "Little Mother of the Motherless," there are none in the roll of the city's charitable workers whose loss means more to the wee tots to whom life's seamy side is turned. Her resignation, presented to the board at its annual meeting, wired an instant storm of protest. Every member of the board, the Finance Committee, the trustees, the medical staff and the men's advisory board, rose to his feet and declared that she should not be allowed to retire. Eulogium such as has seldom been given any woman was poured forth by the board in unstudied and heartfelt words, urging her to reconsider.

MANY FEEL LOSS.

Moved to the verge of tears by this warm appreciation, Mrs. Stoddard explained that she must retire for at least a year from every kind of charitable work. This will mean her retirement from the board of the Association of Charities, the Conference of Social Workers, the Mother's Congress, the King's Daughters, and all work of this character. The members of the board still hope that they can persuade her to change her mind.

Her resignation was accepted by the board of managers of the Florence Crittenton Home, which she has managed since 1901. Mrs. Stoddard has been a member of the board since 1901. She has been a member of the board since 1901. She has been a member of the board since 1901.

HER RECORD.

Mrs. Stoddard and her husband came to this city nearly twenty-six years ago, directly after their marriage. Last year they celebrated their silver wedding at home and requested that instead of buying presents for them, their friends should contribute silver dollars toward a fund for a new building for the Florence Crittenton work in this city. When asked by the board of managers of the Mother's Congress two years ago, Mrs. Stoddard was presented with a great cut glass punch bowl. At her silver anniversary, the Crittenton Home last year this silver bowl was completely filled with silver dollars and the sum was placed in a bank to the home's credit.

Mrs. Stoddard's first work in this city was in helping the city build a quarter of a century ago. This institution now covers city building and has a beach cottage. Mr. and Mrs. Stoddard own and live in the Wilcox Apartments, No. 221 West Fourth street.

She was at the home yesterday, as she has been 27 times this year, playing with those people whom she mothers with the deepest affection. They climbed about her with eagerness and crying in her motherly arms as if they belonged to her. Baby Paul Sakshassen, a robust little rascal of Swedish parentage, who has been more for the last fifty homes in Los Angeles, and who will be given to one of them as soon as the legal process is taken, clung to Mrs. Stoddard's skirts from the moment she arrived until she departed.

The home's annual reception will be held Saturday evening, August 17. This meeting is open to the public and any offerings to be made will be applied to the building fund. The home is badly in need of larger quarters, and it wants to sell its present property and move further away from the business district.

BOYS ON SILVER LAKE.

Local Man Acquires Sixty-eight Acres and Will Probably Subdivide.

Ottmar Bauer, a Los Angeles capitalist, yesterday bought sixty-eight acres adjoining Silver Lake and south of Ivanhoe on A. M. Baird for a reported consideration of \$108,000. Bauer will probably subdivide the property, which is beautifully situated. The property originally belonged to C. J. Shepherd. The sale was made through James H. Shultz, a real estate man.

CHURCH BIRTHDAY PICNIC.

The First Congregational church will hold its birthday picnic at Sycamore Grove tomorrow, between the hours of 9 a.m. and 5 p.m. On the next day the organization will be 45 years old, and it is expected that a large part of the membership will attend the picnic. Following the picnic lunch, there will be a religious program. The closing examinations of the vacation religious school, which has been in session in this church, will be held this afternoon at 2 o'clock, and the picnic will follow at a suitable closing tollification.

Good-by, Little Mother of Motherless.

Mrs. Frank Stoddard's Resignation.

She formally announced her retirement from the active charitable work with many organizations with which she has been associated for more than a quarter of a century by tendering her resignation as president of the Board of Managers of the Florence Crittenton Home at the annual meeting yesterday. Her real resignation will be her loving farewell to the thousands of waifs who have known and loved her for her kindly administrations of the past twenty-five years.

SHIP AHOY!

MILLION-DOLLAR WHARF FOR THE OUTER HARBOR.

Advisory Board Approves Goodrich Plans for Improvement, Which Include Also Hundred-thousand-dollar Wharf in Mormon Island Channel, and Great Inner Works—Bids to Be Asked at Once.

PLENDID progress toward the immediate and ultimate development of the city's harbor was made last evening when the Harbor Advisory Board approved the Goodrich plans providing for the construction of a \$1,000,000 wharf on the Mormon Island channel.

It was an epoch-making meeting in that specific action was taken for the first time by the board on the Goodrich plans for the general improvement and development of the harbor. Apparently every effort is made by the board to rush the work, and another meeting was called for tomorrow afternoon to consider advertising for bids, the letting of contracts and the final approval of City Engineer Hamilton's specifications for the undertaking. It was declared by members of the board that work will be rushed with all speed and that the contracts will be let before August 15.

The outer harbor wharf will be constructed of concrete piling and will be 2400 feet long. It will accommodate three large ocean-going steamers and a number of smaller craft. The piling and platform of this wharf will cost approximately \$300,000. The warehouses and railroad tracks will cost about \$350,000. Nearly \$250,000 has already been expended in dredging for the mammoth wharf.

IN THE CHANNEL.

The Mormon Island wharf will be 1625 feet long, and of concrete piling. It will have a weight-carrying capacity of 300 pounds live-load to the square foot. It will be forty-five feet wide for 1005 feet and fifty feet wide for 620 feet. Specifications are now being drawn by the City Engineer and will be submitted to the board tomorrow. Humphreys of the Board of Public Works favored a 300-pound live-load weight carrying strength, and voted against the approval of the plans for the reason that the city's purpose but that the vote on all other questions arising during the evening's session was unanimous.

In the discussion over the light and heavy wharves Goodrich said that a lighter wharf than the one suggested would serve the city's needs but that 300 feet is about right in view of the class of freight to be hauled over the wharf.

The plans offered for the immediate construction of the temporary structures on the Mormon Island wharf, and the permanent wharf on the east will depend absolutely on the amount of money available for expenditure in the inner harbor.

The improvements in the Mormon Island channel will require a considerable outlay and the dredging and filling already contracted for will take about \$200,000 of the \$1,000,000 appropriated for inner harbor development.

The permanent wharves for the inner harbor are to be of concrete piling and steel buildings, and will be shipload consignments, such as lumber, coal, and in perishable goods, and for other purposes. The wharves will be preferable to have the railroad tracks as close as possible to the dock line, this would render wharf structures unnecessary and harbor tracks undesirable.

HARBOR RAILROAD.

Considerable time was devoted to a discussion of the proposed municipal harbor railroad to run from the city to the water frontage. The Mayor declared that \$800 has already been spent in surveying and securing options on rights-of-way. Most of these options expire next month and the Mayor advised the members of the board to get busy and push the railroad through to a speedy completion.

Gen. Chaffee declared that the city should not own too much water frontage at the harbor. "Give private interests a chance to step in and help develop it," said he. "The charter says the city should own 1000 feet in every 3000, but that is not right in my opinion."

"The city should own about 1000 feet in every 10,000," said Goodrich. "The city can't do all the work at the harbor and private capital is always ready to step in and improve and develop conditions."

The Mayor sprung a surprise near the close of the meeting when he announced that several days ago he had called on him to see if some arrangement could not be made whereby his road could secure a franchise or lease trackage over the Los Angeles riverbed.

The Mayor said he discovered that the city charter forbids the city from leasing any part of the riverbed to any private corporation or individual.

"I hope they change that clause in the new charter," said he. "Why the city should be allowed to lease the riverbed to the city, I was thrown the key into the water. I want the city to retain title to the riverbed but the city should have the right to lease tracks or any equipment to transcontinental railroads or individuals."

The Mayor positively refused to state the name of the railroad seeking entrance to this city, but it was intimated at the meeting that it is the Gould system.

WILMINGTON, TOO.

Goodrich's plans for the development of Wilmington harbor were approved by the Harbor Commission yesterday afternoon and a resolution was adopted urging the War Department to allow certain changes in the lines of the inner harbor. Goodrich has been in the city for several days, and the plan of the Salt Lake Railroad Company to build a big wharf for the handling of Utah coal in shipload lots, and to build extensive additions to its present wharf at East San Pedro, according to the amended plans suggested by Goodrich, were made public for the first time.

The proposed improvements for deepening the harbor to thirty-five feet was favorably acted upon yesterday by the Senate and House Conference Committee, according to advice received last evening by the Mayor from Congressman Stephens.

It goes to the House today for final action.

Col. McKinstry, United States engineer in charge of the project, attended the meeting and announced that he will immediately waive all delay in the matter of calling the hearings on the special application of the city to change the harbor lines at Wilmington to conform with the Goodrich plans. The request of the government to deposit sick-dredging on Smith's Island was unopposed.

GOODRICH TELLS.

Ernest P. Goodrich, expert, told an audience in Choral Hall last evening about Los Angeles Harbor, and described in detail something of the construction and design of this great work.

Dr. Delos Wilcox is a doctor of franchises, and the intricacies of transportation is his specialty. Naturally enough, Dr. Wilcox talked about transportation.

Goodrich omits the prefix from his name, but he is none the less a doctor of harbors; a doctor not only of harbors, but when the harbor stork whispers abroad that a new shipping center is about to be born, Goodrich is usually the chap who is retained to care for the patient.

His talk, while somewhat technical, was sufficiently general to hold the interest of his audience, and he made clear by blackboard drawings and designs the scheme which he has worked out for the harbor that is to be.

It is to be a "straight-front" harbor. That is, all curves are to be eliminated and the ships so easy of access that a reasonably adroit captain and an alert engineer will be able to dock big vessels without expending tug service when the harbor is to be reinforced.

The docks are to be of reinforced concrete. The city should own about 1000 feet in every 10,000.

(Continued on Seventh Page.)

Part II—The City and Its Environs.

LO, IS POWERS ALL THE POWER?

Considerable Force.

Fido-Protectors Elect Him Czar of Whole City.

Unanimously Vote to Snake Him Off Pedestal.

Anti-Dog-Muzzlers Also Anti Everything Else.

Health Officers Powers and the Municipal News were targets at the meeting of the Dog Owners' Protective Association in Symphony Hall yesterday afternoon, and every speaker took a shot at them. A few arguments against muzzling dogs were made, but many other matters were introduced and at various times the meeting resolved itself into anti-trust, anti-vivisection, anti-vaccination, anti-medical association and above all, anti-Powers demonstrations.

President Hazeldine fired the first shot at Dr. Powers in opening the meeting. He is the judge and the jury and the executioner," he said, "and he expects us to take his word as law. Muzzling dogs is useless, impracticable and unnecessary. We might just as well put a padlock on spontaneous combustion as to try to prevent hydrophobia in this way. Hydrophobia is all bosh anyway."

SLAM AT NEWS.

"When a public newspaper, printed by and for the people, resolves itself into an organ to support a certain school of medicine, it should be stopped. We must at once circulate

Auto Attached for Tombstone and Three Are Involved in Strange Series of Suicides—Ends Well.

C. C. Cole, a Pico-street poolroom proprietor, had heard all about patience on a monument, and did not complain—that was Patient's business. But when he found an attachment placed on a monument he had ordered for his wife's plot at Rosedale Cemetery, that was his own business, and Cole got angry.

To make it worse, W. A. Hennessy, whose suit against Cole for \$115 for the cost of the monument led to the attachment, followed it up by plastering another on Cole's automobile. Before he finished Cole found the affair had cost him close to \$700, he said.

Meanwhile the tombstone lay in the yard of W. A. Van Deventer, who had prepared it and engraved the inscription. Van Deventer began to take an interest in the proceedings all at once, and the next step was a suit for \$50 for the manufacture of the memorial, instituted by Van Deventer against Hennessy. Hennessy had given him the order to get it ready and had contracted with Cole to place it in the cemetery, but had never done so because the cemetery management said Cole had bought the lot on credit and had not paid for it yet.

The attachment on the automobile and tombstone was released yesterday, and it was announced in Justice Summerfield's court that the litigation has been settled.

ARIZONA BELLE ELOPES.

Meets Her Lover Here While on a Visit and Weds.

Introduction at a party in this city, love at first sight, courtship by mail, and marriage here yesterday, is the romance of Miss Alice McInerney, of Douglas, Ariz., and C. N. Jones of San Francisco.

They met about six months ago and the happy parties admit they became

engaged soon after. Jones, who is manager for John T. Roundtree & Co., in San Francisco, was called away by business after a few days of courtship, while Miss McInerney returned home on request of her parents, who had heard of the attachment and were loath to lose their daughter, who was one of the belles of the Arizona mining town.

Correspondence was uninterrupted, however, and finally plans were arranged for a meeting in Los Angeles. Miss McInerney came in the guise of a visitor to friends. Jones came on a business trip, but he slipped away with his fiancée and secured the license without knowledge of his numerous acquaintances here.

The ceremony was performed at 1 o'clock at Christ Church, Rev. Baken P. Lee officiating. Then Mr. and Mrs. Jones went to the Van Nuys and informed their relatives and friends by telegraph and telephone of what had transpired. A reception committee was formed at the hotel and the bride and groom were given hearty congratulations.

After a few days passed in Southern California they will make their permanent home in San Francisco.

CITIZENSHIP.

This is to be citizenship night in the exhibit-room of the Civic Exhibit Committee of the National Municipal League at the Auditorium. Dr. Deak W. Bartlett will preside and the meeting is to serve as a public recognition of entry into citizenship of the graduates of the public citizenship class, which is held evenings at the Amelia-street public school. This is the only class of its kind in the country. The term is three months. All students, of course, are foreigners. Miss Nora Sterry is in charge of the work and the examination is comprehensive. City Superintendent of Schools Francis will address the class,

How They'll Unmuzzle the Dogs.

This is Miss Muriel Fuller and her dog, also a copy of the petition to have the dog-muzzling ordinance repealed. At a meeting of the newly-formed Dog Owners' Protective Association yesterday it was decided that a good way to get names for the petition will be to exhibit the muzzled sufferers at the time of presenting the paper—by way of awful example or something.

Literature to counteract the pernicious influence of this Municipal News which we find thrust into our doorway every week.

Following Hazeldine's remarks the meeting voted unanimously that a petition for the repeal of the ordinance be adopted at once, provided it can be done legally.

Mrs. E. M. Deardoff made two speeches, each time demanding that something be done to Dr. Powers. Dr. L. Lewis, who said he had treated horses and dogs as a veterinary surgeon for thirty years, said he believed there was never a case of hydrophobia in this city in spite of the health officer's records of three deaths from that cause in twelve months.

DR. POWERS, CZAR.

J. W. Dunlap, treasurer of the association, attacked the beef trust. He said the city laws are so framed that none but the big packers can handle meat; that the small producers and the public are being robbed to help the big packers. "And Dr. Powers is the cause of it all," he said. "He's above the Mayor. When an effort was made recently to change the beef slaughtering ordinance it was defeated because Dr. Powers opposed the amendment."

Hazeldine announced in closing the meeting that the petitions were not ready, but that the actual campaign would be begun with a special meeting to be held in Symphony Hall next Tuesday afternoon. At that time a report will be made as to the legal phases of the proposed recall of Dr. Powers and the petition crusade definitely started. It is proposed to thoroughly canvass the city with the petitions, women being assigned to the streets with their pet dogs. Several of these were on hand yesterday, practically

Boulter's
Over 5000 Waists Underpriced!

Affordable every waist in our Extensive Assortments way below worth

THE waist-sale of the season!—commences Today—Our assortments have never been better for this midsummer event, than this year. The season has been a bit backward and uncertain, and more waists that we had expected are still unsold.

These will provide better, more varied and more desirable choice than ever before. The summer selling-season for waists is nearing its close; we desire to dispose of these thousands are then.

And they MUST go!

This Means That All Styles and All Qualities Will Be Regardlessly Cut!

—waists of real Irish crochet, chiffon, mouseline, Jap silk, lace peplums, lingerie styles, tailored and mannish effects, even the famous "Forsythe" models will be marked well under the usual!

Choice of All Lace Peplum Waists at Half!

—the rich, heavy Chiffon, lace and in Net and Torchon laces; new! —the latest, most popular models.

—Second Floor, Center—

Beach Parasols Exactly Half!

—these don't include all the newest styles; but most of the newest ones are represented in the lot—

—parasols that sold for \$3 to \$4.50! —odd numbers and some from broken assortments, but all of them well desirable for beach or street wear.

—The "La Rondel" shapes are included, also bell, palm and the styles; in pongee, tulle, tulle, tulle, fancy Dresden, Brocade, gros-grains, etc. All colors and black; plain, figured, bordered, embroidered and tucked.

—And all children's and Misses' parasols, priced Half!

—Center Right Aisle, Main Floor—

Sheer White Hose for Gentlemen: 25c

—they're of cotton; others woven of soft, pure silk thread—priced 50c the pair

—and what's best, is that they're "Interwoven." One wears a sheer hose for summer that will wear.

The "Interwoven" hose are as their name implies, interwoven for wear—and they do wear—longer than any we know of at the same prices.

—Men's Furnishings, Main Floor—

\$1.50 Middy Blouses

Marked at 85c Today!

—mothers with active, athletic misses to clothe will value these savings in Mid-day blouses—

—charming styles of Indianhead and linen; in white with blue or red collars and cut-trimmings; also a few tans and in all-white—sizes 6 to 14; worth \$1.50 at \$1.35, and the \$2 ones for \$1.35.

—Second Floor, Center—

Is Your Watch Acting Queer?

—Let us clean and oil it—the best investment you can make. Watches Cleaned for \$1.50. Main Springs \$1 up.

Leach Cross is Criticized.

One well-known New York critic takes a whip at the foul methods that Leach Cross uses in all his fights, and calls on the referees to see to it that the rules which are constantly violated by Cross call for his disqualification. It is strange how some fighters can get away with that rough stuff, while another battler, who does not commit half so many breaches of the rules, is sent from the ring by the referee.

—Cross committed one-half the foul things in his battle with Knockout Brown that he is being accused of he should be taught a lesson the next time he enters the ring and disqualified the first time he transgresses, no matter how slight the offense. The good of the game calls for this sort of drastic action.

Furnished tent-house, Hotel board. Arrowhead Springs for the summer. \$15 per week.

All about Coronado—234 Spring.

"The Best in Dry Goods Since 1878."

Sample Lingerie And Silk Waists at Half!

—odd numbers and some from broken assortments in silk styles that have been very favored. Also all sample lingerie waists, priced HALF!

—Second Floor, Center—

Smart Long Coats—

at One-Third Less!

—and some of them that are priced even more than one-third under worth.

A special assortment, including some of the most exclusive modeling models we've shown this season. To be true—there are no more than twenty in the lot—

—but each is a new, and very stunning style—in the heavy, hairy cloth; and the richest colorings. Worth \$30 to \$40, but reduced one-third, and even more!

—Second Floor, Rear—

Women's 25c Knit Vests—2 for 25c

—seems like it would be impossible to sell them at a profit for near their original price!

—but for half this, the wonder is that they can be even worn for as little! They're in the plain, summer styles—

—low necked; with no sleeves—

—qualities you'd count reasonable at 25c, and well worth 25c, too—marked 2 for 25c Today!

—Center Left Aisle, Main Floor—

All Separate Skirts

Are Priced Half—

—yes, you're choice from any style or quality you like at just half their usual cost, Today!

—skirts, plain and fancy—of cotton, linen, repps, Panamas, serge, mouseline, tulle, Indian head, a few tulle and novelty waives—worth \$2.50 to \$15, for Half Price.

—Second Floor, rear—

of Automobiles and Accessories

Harley Manners has "The Money Moon" all but transformed into a play, only the last part of the last act awaiting completion.

There was a reading, before inter-acted parties, late last night.

Though a "Deep Purple" rehearsal

and Levy, "and I don't think he will ever enter the ring with Joe Rivers for good and sufficient reasons." All this wrangling is enough to make the everyday fan sick and tired of the whole thing, and if kept up much longer, it will certainly ruin the popularity of the day and the one which drew the largest gallery was the mixed doubles. Miss Vallean and Pettrell took their game from Miss Thayer of Portland and Johnson, 6-7, 6-2, 6-3. Miss Byron and Brant Wickersham of Portland won from Miss Bean and W.
